Test Case Template for Project

Project Name	Tutorials Ninja
Website	https://tutorialsninja.com/
Created By	Shivam Barman
Approved By	Shiva Sir
Date	05-02-2024

Test Scenario ID	Test Scenario Description	Test Case ID	Test Case Description	Pre-conditions	Test Steps	Test Data	Expected Result	Actual Result	Status	Priority
					Reward Points System					
TS_001		TC_001	Verify Valid details to Login.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to the My Account features. Enter a Valid Email and Password details. Click Login Button.	Email- Shivambarman2 361@gmail.com Password- As881788@	User acount is created	User accounts has been created successfully	Pass	High
TS_002		TC-002	Verify Invalid details to Login.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to the My Account features. Enter a invalid Email and Password details. Click Login Button.	Email- Shivambarman2 3@gmail.com Password- as881788	User account is created.	Please Enter a valid email and password.	Pass	High
TS-003		TC_003	Verify Valid email and Invaild Password.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to the My Account features. Enter a Valid Email and Invalid pasword. Click Login Button.	Email- Shivambarman2 3@gmail.com Password- AS81788	User account is not created	Please enter a Valid password.	Pass	High
TS-004	To Verify the Login functionality.	TC_004	Verify Invalid Email and Valid Password.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to the My Account features. Enter a invalid Email and Valid password. Click Login Button.	Email- Shivambarman@ gmail.com Password- as881788	User account is not created	Please enter a Valid email.	Pass	High
TS-005	To Verify the register page.	TC-005	Verify Registration with Valid email and user name.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to the My Account features Enter a valid email and user name. Click Continue	UserName- Shivambarman Email- Shivambarman2 3@gmail.com	User account has been created	User accounts has been created successfully	Pass	High
TS-006	To Verify the Forgot Password.	TC_006	Verify forget password functionality.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to the My Account features. Enter a forgot password button and email and submit. Click forgot button.	Registered details	User should receive a password reset link via email	Password reset link can never received and reset password cannot be done	Pass	High
TS_007	To Verify Edit account details.	TC_007	Verify Edit account Details successfully	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to my account features Update the all details Click Continue	All details updates (Email, firstname, lastname)	A success message should be your account detials update.	User accounts details updates successfully	Pass	High

TS_008	To Verify changes password.	TC_008	Verify user Change password.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to my account features. Change password. Enter old and new password Click continue.	Old password-As881788 New password-AS909860	User should be chnage password	User pasword change successfully	Pass	Medium
TS_009	To Verif use can modify the address book.	TC_009	Verify user add new address in the address book.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to my account Modify your address book entries Click new address Click Continue	Name-Shivam Address - 123 satna city madhya Paresh 485001	User address added message should be show display.	User address added successfully	Pass	Medium
TS_10	To Verify Change Country name.	TC_010	Verify User change Country name.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to the My Account Chane country name. Click Continue	Country-India	User country added message should be show display.	User country should be added successfully	Pass	Medium
TS_011	To Verify Change State name.	TC_011	Verify User change State naeme.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to the My Account Chane State name. Click Continue	State-Newport	User State added message should be show display.	User state should be added successfully	Pass	High
TS_012	To Verify Change City name.	TC_012	Verify User Change City name.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to the My Account Chane City name. Click Continue	City-Satna	User City added message should be show display.	User City should be added successfully	Pass	High
TS_013	To Verify user can view order history	TC_013	Verify Check if user can access past orders	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to the My Account View your history Click on an address	Order ID: #12345	The order details should be displayed	The order details show successfully	Pass	High
TS_014	To Verify user can modify the wishlist	TC_014	Verify user added items from the wishlist	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to my account Modify your wishlist Add a product	Product-iphone14	Order should be added wishlist.	Order should be added wishlist successfully.	Pass	High
TS_015	To Verify user can Modify the Wishlist.	TC_015	Verify user removed items from the wishlist.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to the my account Modify your wishlist Removed a Product.	Product-iphone14	Order should be Removed wishlist.	Order should be Removed wishlist successfully.	Pass	Medium
TS_016	To Verify user can access reward points	TC_016	Verify user check view their reward points.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to the my account Check your rewared points	Reward Points: 500	The reward points should be displayed correctly	The reward points should be show display correctly	Pass	Medium
TS_017	To Verify user can request product returns	TC_017	Verify user can sumbit a return request a order.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to my account View your return requests Click request return Enter reason and submit	Order ID: @12345, Reason: Damaged Product	The return request accepted	The return request accepted successfully	Pass	High
TS_018	To Verify user can check transactions.	TC_018	Verify user can view their transactions	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to my Account check your Transaction details	N/A	User should be able to transaction	User should be be see Transaction details.	Pass	High

TS ID	Test Description	TC ID	Test Scenario	Precondition	Test Steps	Test Data	Expected Result	Actual Result	Status	Priority	
TS_019	To Verify user can register for an affiliate account	TC_019	User can successfully register as an affiliate.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to My account Register for an affiliate account Enter details Click Sumbit the form	PayPal Email: user@paypal.com	A confirmation message should be displayed	Confirmation message should be see dispaly.	Pass	High

TS_007	To Verify Button Functionality	TC_007	Verify to Check Search Button.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Click Search Buton.	N/A	Search button also working.	Search button is working.	Pass	High
TS_008	To Verify Valid product Search.	TC_008	Verify to Search Valid details.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Search Valid Product Click Search Buton.	Search - Canon EOS 5D	Product is show display	Product is show display without any error.	Pass	High
TS_009	To Verify Inavalid product Search.	TC_009	Verify to Search Invalid product.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Search invalid product. Click Search button.	Search - Laptop	Product is not show dislpay error message	Product is not show error message	Fail	High
TS_010	To Verify Login Button.	TC_010	Verify to Check Login Button.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Click Login Buton.	N/A	Login button also working	Login button is working	Pass	High
TS_011	To Verify Product page Lods correctly	TC_011	Verify Product page open without any error.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Nagative to product page.	Product URL	Product page load successfully	Product Loded successfully.	Pass	High
TS_012	To Verify Zoom Products feature	TC_012	Verify Check Product zoom feature	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Click Product.	N/A	Product is not zoom in.	User any product is not Zoom in.	Fail	High

TS_ID	Test Scenario	TC_ID	Test Case	Precondition	Test Steps	Test Data	Expected Result	Actual Result	Status	Priority
TS_013	To Verify product title is displayed.	TC_013	Verify Product Title.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Locate product title.	Product with title	Title is show display correctly.	Title is show display successfully.	Pass	High
TS_014	To Verify Product Wishlist button available.	TC_014	Verify product wishlist button available.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to product page Check Wishlist button available	N/A	wishlist button show in display correctly.	Wishlist button is available display successfully.	Pass	High
TS_015	To Verify Check Product details.	TC_015	Verify and Check Product details.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to product page. Check product details.	Brand: Apple Product Code: product 11 Availability:Out Of Stock	Product details is available	Product details show in display correctly.	Pass	High
TS_016	To Verify Product description is available.	TC_016	Verify product descriptions.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Check product description.	Any Product	Description is available	Description is available in display	Pass	High
TS_017	To Verify Check Product Price.	TC_017	Verify Check Product Price.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to Product page. Check Product price.	Any Product	Price is available	Price is available in display successfully	Pass	High
TS_018	To Verify Check Product name	TC_018	Verify to check Product name.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to Product page. Check Product name.	Any Product	Product name is available	Product name is available in display successfully	Pass	High
TS_019	To Verify Check product images load properly.	TC_019	Verify Check Product images load.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to Product page. Check Images load properly	Any Product	Product images load properly	Product image load properly display.	Pass	High
TS_020	To Verify Add to Cart Button.	TC_020	Verify Check Add to cart button.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Search Product and click add to cart button.	Any Product	Product is added	Product is added successfully and without any error.	Pass	High
TS_021	To Verify Images Loding Performance	TC_021	Verify Images Loding Performance.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Open inspect and check image loding timeing.	Any Product	Images Loding time 35MS.	Imaegs Loded 35MS successfully	Pass	Medium
TS_022	To Verify Product details section.	TC_022	Verify Product details section.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to Product page Check product details.	Product with specifications	Product details are available	Product details show display successfully.	Pass	Medium
TS_023	To Verify Add to Campare features	TC_023	Verify Add to Campare features.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to Product page Click Add to campare	Any Product	Product is added to campare.	Product is added to campare successfully	Pass	Medium
TS_024	To Verify product reviews section	TC_024	Verify Product review section.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to Product page. Check reviews	Any Product	Reviews is show dislplay.	Review is show display without any error.	Pass	Medium
TS_025	To Verify Provide Product reviews	TC_025	Verify Give Product Reviews.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to Product page. Give Product review Click Sumbit.	Any Product	product reviews is provided and sumbit	Product reviews is Sumbit successfully.	Pass	Medium
TS_026	To Verify and Check broken images handling .	TC_026	Verify to Check broken images handling.	Any Operating system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to Product pages Check images broken.	Product with missing images	No broken images appear.	No Broken image show successfully	Pass	High

TS_027	To Verify and check Checklist product.	TC_027	Verify and Check Checklist product.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to Homepage Click Checklist button.	All Product is show.	Product is show displays.	Product is show without any error.	Pass	High
TS_028	To Verify full-screen mode for images.	TC_028	Verify to Check full screen mode images.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to Product pages. Check Screen mode.	Product with full-screen option	Full screen images open.	Full Screen images show dislpay successfully	Pass	Medium
TS_029	To Verify invalid product ID	TC_029	Verify to check invalid product ID.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to product pages.	Invalid product ID	Error message show display .	Error messages shoe and please enter a valid ID.	Fail	Medium
TS_030	To Verify missing product details handling	TC_030	Verify missing product details handling	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Check Product details.	Product missing details.	Product details is missing	Please enter a product details and fill all details.	Pass	High
TS_031	To Verify image duplication	TC_031	Verify image duplication appear.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Check Images	Product with multiple images	No Duplicat images.	Images is not duplicat.	Pass	Medium
TS_032	To Verify product image downloads	TC_032	Verify product image downloads	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Check to Downloads images.	Any Images	Images to download successfully.	Images is download without any error.	Pass	Low
TS_033	To Verify external image links	TC_033	Verify external image links	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Check image links.	Any Images Link	External images loaded.	External images is loded without any error.	Pass	Medium
TS_034	To Verify multi-tab image Chacking behavior	TC_034	Verify multi-tab image Checking behavior	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Check different tab checking images.	Product with multiple images	Images loded correctly	Images loded all tab successfully	Pass	Low
TS_035	To Verify multi-language support for details	TC_035	Verify multi-language support for details	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Checking multi language details to check.	Product with translations	Product details update to the selected language	Product details update and selected successfully	Pass	High
TS_036	To Verify page behavior with slow internet	TC_036	Verify page behavior with slow internet	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Check Product Load page.	Any Product	Pages should be Loaded	Pages should be loaded without any error.	Pass	High
TS_037	To Verify dark mode effect on zoom feature	TC_037	Verify zoomed images remain clear in dark mode	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Check Zoom product image	Product with Zoom option.	Product is zoomed images.without distortion.	Product is Zoomed images.	Pass	Medium
TS_038	To Verify QR images Details.	TC_038	Verify to Check QR images details.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to Product pages. QR scanner to check product details.	QR Check Any Product.	Product detailsshow scan QR.	Product details show without any error.	Pass	Medium
TS_039	To Verify MP3 functionality	TC_039	Verify to Check MP3 Functionality.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Goto homepage Click MP3 feature.	Check - Test25	Product is not show	There are no products to list in this category.	Fail	Medium
TS_040	To Verify Check (components/Software/Laptop&Notebook) functionality	TC_040	Verify to Check (components/Software/Laptop&Notebook)functionality	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to Homepage Click (components/Software/Laptop&Notebook) features	Check - Any Products	Product is not show	There are no products to list in this category.	Fail	Medium

TS_041	To Verify and check icon functionality.	TC_041	Verify to check icon features	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Check ICON features	Any Icon	Not Click icon	ICON is not working	Fail	High
TS_042	To Verify Delivery information	TC_042	Verify to Check Delivery information	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.com/ Go to homepage Check Delivery information	Order product	Product is show display.	Product is show without any error.	Pass	High
TS_043	To Verify and Check currency Products.	TC_043	Verify Currency Products.	Any Operationg system running internet connection and Edge Browser	Visit the URL https://tutorialsninja.co Check Currency product	Any Product	Choose currency and show	Currenc is available and valid products.	Pass	High
